

## Product Data Sheet

### ArcSafe® AmpShield™ Arc Flash Face Shield

The ArcSafe® AmpShield™ Arc Flash Face Shield offers a transparent alternative to the traditional green face shields. The highly transparent, nearly clear, arc flash protective shield provides enhanced visibility and heightened colour recognition.

#### Features

- Highly transparent, grey nearly clear polycarbonate face shield provides enhanced visibility and heightened colour recognition.
- Includes cap bracket with slotted adaptor to fit most Australian-style type-2 polycarbonate hard hats with a 25mm bracket slot.
- The adjustable slotted adaptor allows workers to comfortably adjust the position of the face shield when not in use or exposed to risk.
- The ergonomic, low profile transparent chin protector increases the field of view for the wearer as well as providing additional arc flash protection.
- Ability to add optional Streamlight® flashlight on either side of the face shield.
- Window Size: 25.4 x 50/8 x 0.15cm (10" x 20" x 0.06")
- Weight: 317g (11.20oz)

OPTION: The ArcSafe® Streamlight® Flashlight is designed to provide high intensity illumination in low light areas or when working up close. Designed to be used with our ArcSafe® AmpShield™ Arc Flash Face Shield.

#### Certifications and Standards

- PPE Cat Level 2 Protection
- 14 ca/cm2 ATPV
- Class 2 as per GS-ET-29
- NFPA 70E, ASTM F2178, EN 166, GS-ET-29 and ANSI-ISEA Z87.1-2017
