

Product Data Sheet

G-Flex® Dynamax® Sleeve

The G-Flex® Dynamax® Sleeve uses a Dynamax® 13D-F seamless nylon liner providing great abrasion, cut and tear protection whilst also being breathable.

Features

- Open wrist style (no thumb slot)
- Hook + loop closure tab on upper arm opening
- High contact heat protection – up to 100°C
- Provides highest levels of cut resistance, abrasion and tear resistance.
- Length: 400mm (size LRG)

Applications

- Ideal for all applications where protection from heat and cuts to the forearm is required.
