Product Data Sheet

ArcSafe® AmpShield™ Arc Flash Face Shield

The ArcSafe® AmpShield™ Arc Flash Face Shield offers a transparent alternative to the traditional green face shields. The highly transparent, nearly clear, arc flash protective shield provides enhanced visibility and heightened colour recognition.

Features

- Highly transparent, grey nearly clear polycarbonate face shield provides enhanced visibility and heightened colour recognition.
- Includes cap bracket with slotted adaptor to fit selected hard hats. The adjustable slotted adaptor allows workers to comfortably adjust the position of the face shield when not in use or exposed to risk.
- The ergonomic, low profile transparent chin protector increases the field of view for the wearer as well as providing additional arc flash protection.
- Ability to add optional Streamlight® flashlight on either side of the face shield.
- Window Size: 25.4 x 50/8 x 0.15cm (10" x 20" x 0.06")
- Weight: 317g (11.20oz)

Certifications and Standards

- PPE Cat Level 2 Protection
- 14 ca/cm2 ATPV
- Class 2 as per GS-ET-29
- NFPA 70E, ASTM F2178, EN 166, GS-ET-29 and ANSI-ISEA Z87.1-2017

OPTION: The ArcSafe® Streamlight® Flashlight is designed to provide high intensity illumination in low light areas or when working up close. Designed to be used with our ArcSafe® AmpShield™ Arc Flash Face Shield.
