

Product Data Sheet

Big Jim® Chainsaw CXT Style Chaps with Rear Calf Guard

Working with outdoor tools, especially chainsaws, can be dangerous work. Big Jim® Chainsaw CXT Style Chaps are designed for the professional chainsaw operator to prevent or minimise injuries to the legs

Materials

Big Jim® Chainsaw Protective Clothing is made using ArborTex, a high performance, lightweight, and flexible material that clogs and resists cutting.

Features

- Available in heavy duty black nylon or high visibility orange Proban FR cotton.
- Quick release webbing straps at top of legs.
- Rear calf guards with heavy duty zip closure.
- 50mm heavy duty webbing belt with quick release buckle.
- Lengths: Short 950mm, Standard 1000mm, Long 1050mm.
- 132cm waist measurement - fully extended
- 50cm waist belt and 2x 50cm upper thigh belt extension available

Certifications and Standards

Elliotts' range of Big Jim® chainsaw protective clothing has been certified to AS/NZS 4453.3 Protective clothing for users of hand-held chainsaws - Protective legwear by BSI.
